

QUALITY...

POLY-TUFF™ ROOF
We use genuine unbreakable polycarbonate not cheap alternatives.

ALU-TUFF™
Our guttering system is aluminium and finished to match, no cheap plastic!

COLOUR MATCH FIXINGS
Our roofing system uses complete roof clamps and fixings both matched to the canopy colour.

ALL STEEL FRAME
Our structures use an all steel frame, no fibreglass, no aluminum.

DURA-COAT™ FINISH STEEL
All our products are galvanised and PPC coated for maximum protection.

And why you should care...

- LONGEVITY...?
- AESTHETICS ...?
- LIABILITY...?

Every head teacher, site manager, building surveyor and architect cares about how long the structure will last, what it looks like and ultimately wants to ensure it is fit for purpose but all too often value for money and lowest price get confused with disastrous consequences. An often well intentioned desire to obtain best value ends in disappointment as the structure is installed and it's not quite what was expected; the canopy is shiny blue but the gutters are black plastic.....the roof is functional but couldn't they have matched the fixing colour.. Or 12 months later rust spots are appearing.... some of the roofing has cracked..the gutter leaks...
