A&S LANDSCAPE MAINTENANCE

- ALGAE..?
- TREE DEPOSITS...?
- BIRD MESS...?

With its Dura-coat finish, Poly tuff roof and Alu-tuff guttering the Motiva canopy system stays looking and functioning better for longer than any other canopy system but why not keep it as new with our maintenance plan.

We have the experience, tools and technical know how to keep your structure in top condition - we will check all fixtures and fittings, clean the roof sheets, clean out the gutters and touch up paintwork as required. A certificate can be provided for your peace of mind.

As manufacturers of the Motiva Canopy System no one knows your canopy like we do. Why not entrust the safety and maintenance of your structure to the professionals?
