

Price

1. The price is subject to VAT at the current rate. Proof of VAT exemption will be required if claimed, prior to our Sales invoice.
2. Prices indicated in quotations or orders may not be subjected to any discounts or retention sums without the prior written approval of A&S Landscape
3. The price is based on original designs, specifications & measurements provided at the date of quotation.
4. Clerical errors and omissions are subject to correction without notice.
5. Where prices are given on information/drawings supplied by the customer or their agent all prices assume good access and normal working conditions and are subject to confirmation after a site survey.
8. Where a lead in time has been quoted this is indicative only and is from the date of approval of drawings by the customer. In no instance will A&S Landscape be held liable for any delay either to their work element or to any other works dependent on it.
9. The customer shall be responsible for providing a RAL No for the PPC finish, where A&S Landscape have suggested a colour or colour match it is in good faith and no liability will be accepted by A&S Landscape for any discrepancy.
10. Where advice has been given by a representative of A&S Landscape relating to planning permission it is given in good faith but without liability and the customer is responsible for seeking its own professional advice in relation to planning or related matters.

Design and Installation

1. It is assumed that all works will be carried out in one continuous visit.
2. The price assumes unlimited access from 8.00am until at least 5.00pm. Issues preventing A&S Landscape from installing e.g. access or preparation issues will incur down time charges from 9.00am at a rate of £75.00 per hour until work can commence, a full aborted visit to site will incur a set charge of £500.00.
3. The quotation does not include any provision for reinstatement of surrounding areas to A&S Landscape work areas except where expressly requested and priced accordingly.
4. The price assumes normal conditions beneath ground and does not include for any excavation through unforeseen material.
5. Unless stated otherwise, A&S Landscape has not included locating services situated within areas where excavation works are to be carried out. No costs have been included for the alteration or redirection of any services that may be present unless specifically stated within our quotation
6. The customer will indemnify A&S Landscape against all liabilities, costs or claims arising out of damage caused above, below, on or around the location where the goods are to be installed or erected where such damage arises due to the failure of the customer to inform A&S Landscape of the location of drains, pipes, cables, wires or other services.
7. Where preparation works are to be carried out by third parties and on inspection are not satisfactory for installation, e.g. incorrect location/depth or not level, A&S Landscape reserve the right to raise abortive charges and/or charge the customer for hire of equipment, materials and labour to rectify the area to make good and enable installation.
11. No guarantee is given that staff on site will conform to any specific accreditation, training or industry standards unless requested at the time of quotation.
12. It is assumed unless expressed that Welfare facilities will be made available to A&S Landscape staff as necessary.
13. If structural calculations are required these must be requested at quotation stage, A&S Landscape reserve the right to charge for such calculations and make no guarantee that their structures meet any specific coding.
14. No part of any drawing supplied at any stage prior to or during the contract may be copied, reproduced, scanned or stored in any electronic database or made available to any 3rd party whether in whole or in part by any form or by any means. A&S Landscape will not hesitate to take appropriate legal action if its rights in this respect are infringed
15. Tarmac surface reinstatement will be with a cold repair product, no reinstatement to playground markings is allowed for.
16. Unless otherwise stated all steel products will have been hot dipped galvanised, this process produces a finished surface that is less smooth than a painted finish and some runs/lumps beneath the surface may be in evidence.
17. A&S Landscape does not guarantee their canopy structures as 100% water tight, whilst they are designed as watertight some seepage through the joints after heavy rains or melting snow may be evident. Where a canopy is located against a wall no flashing will be supplied unless expressly requested and agreed in the quotation.

Payment

1. Usual payment terms are as follows; 50% of total value prior to commencement, balance 30 days from invoice. All terms are subject to credit approval and alternative terms may apply.
2. O&M manuals will not be submitted until payment is received in full.

All orders for goods and or services to be supplied by A&S Landscape shall be made on and subject to A&S Landscape's full terms and conditions of business to the exclusion of any other terms. A copy of A&S Landscape's full standard terms of business may be viewed at www.aandslandscape.com and is also available on request by calling 01939 250066 or contacting sales@aandslandscape.com.
