

Maxima Umbrella™

The Maxima Umbrella™ is one of our longest-standing products. It offers exceptional shelter whilst creating a fun, focal point in any outside area. Much loved, this robust and aesthetically pleasing design is supported by a centre post and is usually supplied with high strength waterproof fabric manufactured using the latest technology.

- ✓ Solid steel framework
- ✓ Framework finished in Dura-coat finish
- ✓ Wide range of sizes
- ✓ Extensive choice of colour options
- ✓ Minimal uprights
- ✓ Clever and modern functional design
- ✓ Longest guarantees on the market
- ✓ Enhance the look and increase coverage with multiple modules

Appearance

Steelwork on the Maxima Umbrella™ is galvanised only or finished in Dura-coat colour finish to any RAL colour. Our PVC fabric is available in 40 colour choices.

Post Pads are available in any colour and provide a vibrant and colourful contrast to the structure.

Fabric Options

PVC Fabric - This high strength waterproof fabric, manufactured using the latest technology, offers an unrivalled lifespan and enhanced shelter from the elements. Available in 40 stunning colour choices.

Post pads can be any colour, often contrasting with the structure.

Services

A & S Landscape recommend early consultation to consider all aspects of the installation of our Maxima Umbrella™. We provide free quotations, technical information and drawing files (at design stage) to allow effortless incorporation into Architects' drawings. Our service to you includes: - comprehensive site surveys, CAD Drawings and project management. Early technical involvement often improves design, aesthetics and cost.

BESPOKE PRODUCTS

Our ability to extensively customise our products ensures that we can meet any specialist requirements that you may have. Our flexible modular system often allows this to be done very economically whilst retaining all of our superior performance characteristics.

Specification
