DURA-COAT

SNOW-SAFE

WIND-SAFE

Appearance

Steelwork on the Maxima StarSail® is galvanised only or finished in Dura-coat colour finish to any RAL colour. Shade cloth material is available in 15 colour options, PVC fabric available in 40 colours. Post Pads are available in any colour and provide a vibrant and colourful contrast to the structure.

FABRIC OPTIONS

Shade cloth – The Maxima StarSail® boasts high-quality knitted shade cloth that utilises the latest technology to provide a strong

and hard-wearing outdoor fabric for use in tension structures. Its robust and durable combination provides 90-98% UV protection in a range of 15 striking colour choices.

PVC Fabric - This high strength waterproof fabric, manufactured using the latest technology, offers an unrivalled lifespan and enhanced shelter from the elements. Available in 40 stunning colour choices.

Services

A&S Landscape recommend early consultation to consider all aspects of the installation of our Maxima StarSail®. We provide free quotations, technical information and drawing files (at design stage) to allow effortless incorporation into Architects' drawings. Our service to you includes: - comprehensive site surveys, CAD Drawings, and project management. Early technical involvement often improves design, aesthetics, and cost.

BESPOKE PRODUCTS

Our ability to extensively customise our products ensures that we can meet any specialist requirements that you may have. Our flexible modular system often allows this to be done very economically whilst retaining all of our superior performance characteristics.
