

Maxima Plaza™

The Maxima Plaza™ is a fresh and contemporary, widespan barrel vault fabric canopy. Expertly designed and typically in duopitch (symmetric) curved roof variant (both sides are at the same height which is the most common configuration for standalone structures). Our robust raw materials and innovative design means that widths of 10000mm are easily achieved, we can, of course go wider still with additional design features. The Maxima Plaza™ is ideal for covered alfresco dining areas, social spaces, sporting or play areas.

- ✓ Solid steel framework
- ✓ Framework finished in Dura-coat finish
- ✓ Heavy duty fabric roof
- ✓ Wide range of sizes
- ✓ Clever and modern symmetrical design
- ✓ Bespoke designs on request to enclose the space

Appearance

Steelwork on the Maxima Plaza™ is finished in Dura-coat™ colour finish to any RAL colour. The aluminium gutters and downpipes are also

finished to match. Heavy-duty fabric roof is white as standard. Post pads can be any colour, often contrasting with the structure.

Services

A&S Landscape recommend early consultation to consider all aspects of the installation of our Maxima Plaza™. We provide free quotations, technical information and drawing files (at design stage) to allow effortless incorporation into Architects' drawings. Our service to you includes: - comprehensive site surveys, CAD Drawings, and project management. Early technical involvement often improves design, aesthetics, and cost.

BESPOKE PRODUCTS

Our ability to extensively customise our products ensures that we can meet any specialist requirements that you may have. Our flexible modular system often allows this to be done very economically whilst retaining all of our superior performance characteristics.
