

Motiva Shutter™

The Motiva Shutter™ adds extra reassurance and value to any of our Motiva designs, enabling them to be enjoyed as a covered space in the daytime and securely closed to offer additional storage space in the evening. Our extensive range of side panels combined with our electrically operated roller shutter doors (available up to 7500mm width) can be added to any of our Motiva™ products and to our Maxima Tepee™. The Motiva Shutter™ is also available to enhance security for doors and windows.

- ✓ Suitable for all Motiva™ designs
- ✓ Available in Steel or Aluminium
- ✓ Range of infill options
- ✓ Electrically operated
- ✓ Widths of up to 7500mm
- ✓ Glass or polycarbonate sides
- ✓ Printed polycarbonate or decals to enhance the look

Appearance

The Motiva Shutter™ doors are normally polyester powder coated to match but can contrast with the structure. Perforated or part glazed lath sections let in the light.

Side panels in polycarbonate or glass with additional design options.

Services

A&S Landscape recommend early consultation to consider all aspects of the installation of our Motiva Shutter™. We provide free quotations, technical information and drawing files (at design stage) to allow effortless incorporation into Architects' drawings. Our service to you includes: - comprehensive site surveys, CAD Drawings, and project management. Early technical involvement often improves design, aesthetics, and cost.

BESPOKE PRODUCTS

Our ability to extensively customise our products ensures that we can meet any specialist requirements that you may have. Our flexible modular system often allows this to be done very economically whilst retaining all of our superior performance characteristics.
