

Motiva VoltSpan™ - PV Support Canopies

We're proud to introduce the Motiva VoltSpan™, our adaptable canopy for PV panel mounting. Featuring a solid steel framework and a box profile guttering system, the Motiva VoltSpan™ offers a robust solution. This structure can be manufactured to suit solar panels from any supplier, and can be made to any size and configuration. Explore the future of energy today, while transforming your outdoor space with the Motiva VoltSpan™.

- ✓ Solid steel framework
- ✓ Cantilever and gullwing design options
- ✓ Designed to take any solar panel
- ✓ Framework finished to suit
- ✓ Can be made bespoke to any size
- ✓ Longest guarantees on the market
- ✓ Bespoke designs available

SNOW-SAFE

WIND-SAFE 3

EASY-INSTALL

Appearance

Steelwork on the Motiva VoltSpan™ is finished in galvanised only or Dura-coat™ colour finish to any RAL colour, or we can work with you to agree a coating option. The steel or aluminium gutters and downpipes can also be finished to match.

Services

A&S Landscape recommend early consultation to consider all aspects of the installation of our Motiva VoltSpan™. We provide free quotations, technical information and drawing files (at design stage) to allow effortless incorporation into Architects' drawings. Our service to you includes: - comprehensive site surveys, CAD Drawings, and project management. Early technical involvement often improves design, aesthetics, and cost.

BESPOKE PRODUCTS

Our ability to extensively customise our products ensures that we can meet any specialist requirements that you may have. Our flexible modular system often allows this to be done very economically whilst retaining all of our superior performance characteristics.
