

Motiva Lignum™ Timber Canopy

The Motiva Lignum™ is our softwood canopy range well suited for situations where the aesthetic of timber is preferred, for lower duty applications or where there are budgetary constraints. With its natural aesthetic and more rustic structural design, it is ideal for a variety of applications including, covered walkways and outdoor learning or seating areas. Versatile timber canopies bring both function and form to any setting.

- ✓ Timber framework
- ✓ Freestanding or wall fixed design
- ✓ Flexible size options
- ✓ Bespoke designs available

Appearance

The Motiva Lignum™ includes powder-coated aluminium gutters and downpipes that can be PCC in any RAL colour as needed. The premium polycarbonate roof is available in clear or opal as standard, with coloured options available at an additional cost.

- Natural timber look or stained to your choice.
- Post pads can be any colour, often contrasting with the structure.

Services

A&S Landscape recommend early consultation to consider all aspects of the installation of our canopies. We provide free quotations, technical information and drawing files (at design stage) to allow effortless incorporation into Architects' drawings. Our service to you includes: - comprehensive site surveys, CAD Drawings, and project management. Early technical involvement often improves design, aesthetics, and cost.

BESPOKE PRODUCTS

Our ability to extensively customise our products ensures that we can meet any specialist requirements that you may have. Our flexible modular system often allows this to be done very economically whilst retaining all of our superior performance characteristics.

Specification
